

The Red Sea Crisis: A Maritime Warzone

ATLAS ANALYTICA

Incultivating empathy through awareness

The Red Sea Crisis: A Maritime Warzone

SECURITY • September 2026

A look at the strategic importance of the Red Sea, the actors involved and the risks posed to one of the world's critical maritime corridors.

This is a temporary preview PDF created for the Atlas Analytica website prototype. Replace the corresponding file in the articles folder with the final article PDF and the website viewer will automatically display it.

Editorial notes

- The final article can contain the full research, references, graphics and photographs.
- The Atlas Analytica viewer is designed to preserve the PDF as the primary publication format.
- Readers can move between pages using the horizontal sliding controls.
