

USA–Iran Conflict

ATLAS ANALYTICA

Incultivating empathy through awareness

USA–Iran Conflict

GEOPOLITICS • September 2026

A concise examination of the strategic tensions between the United States and Iran and the wider implications for the Middle East.

This is a temporary preview PDF created for the Atlas Analytica website prototype. Replace the corresponding file in the articles folder with the final article PDF and the website viewer will automatically display it.

Editorial notes

- The final article can contain the full research, references, graphics and photographs.
- The Atlas Analytica viewer is designed to preserve the PDF as the primary publication format.
- Readers can move between pages using the horizontal sliding controls.
